

SUMMER SKILL SPLASH

AIR FORCE SCHOOL BAGDOGRA

Day-10

The last day of the summer skill splash ended on a happy note with a promise to our children that we would continue with such fun foiled activities for our children whenever we get the first opportunity. Real skill enhancement took place during this ten days power packed activities which fulfilled the mission and vision with which this was planned.

Learning never stops ...

The children were very happy with these activities and we are still receiving their clicks making the things they have been taught during these sessions .

Bird watching

Utilities of Chemistry

Bird Watching Pre Primary

Mrs Neelu Mishra gave an insight about the birds found on the neighborhood along with the tips to ensure the safety and security of birds around.

Paper flowers Primary

Mrs Bhavana gave wonderful tutorial on making paper flowers to our primary students.
